Biomass R&D Act and Authorizations

- The Biomass R&D Act of 2000 established the Biomass Board, the Biomass R&D Initiative and the Biomass Technical Advisory Committee. The revised Biomass R&D Act outlines the Committee’s objectives, membership requirements, and duties.

Objectives and scope of activities:

A. Advise the points of contact with respect to the Biomass Initiative
B. Evaluate and make recommendations in writing to the Biomass R&D Board regarding whether:
   i. Funds authorized for the Initiative are distributed and used in a manner that is consistent with the objectives, purposes, and considerations of the Initiative;
   ii. solicitations are open and competitive with awards made annually;
   iii. objectives and evaluation criteria of the solicitations are clearly stated and minimally prescriptive, with no areas of special interest;
   iv. the points of contact are funding proposals under this title that are selected on the basis of merit, as determined by an independent panel of scientific and technical peers predominantly from outside the Departments of Agriculture and Energy
   v. activities under this title are carried out in accordance with this title.
The Board is a panel consisting of senior-level representatives from these agencies:

- Department of Agriculture: Co-Chair
- Department of Energy: Co-Chair
- National Science Foundation
- Environmental Protection Agency
- Department of Interior
- Office of Science and Technology Policy
- Department of Transportation
- Department of Defense
Bioenergy Technologies Office

Biomass R&D Initiative funds

• The Agricultural Act of 2014 (Farm Bill) reauthorized the Committee. The Initiative was also reauthorized, however the annual mandatory funding amount was cut to $3M mandatory/year, except for 2018 where no mandatory funding was authorized. The 2018 Farm Bill reauthorized the committee, however no BRDi funds were provided.
